Autobiography of a Common and humble Citizen
Dedicated to my wife and daughter with the hope
that they may possibly derive a little pleasure.

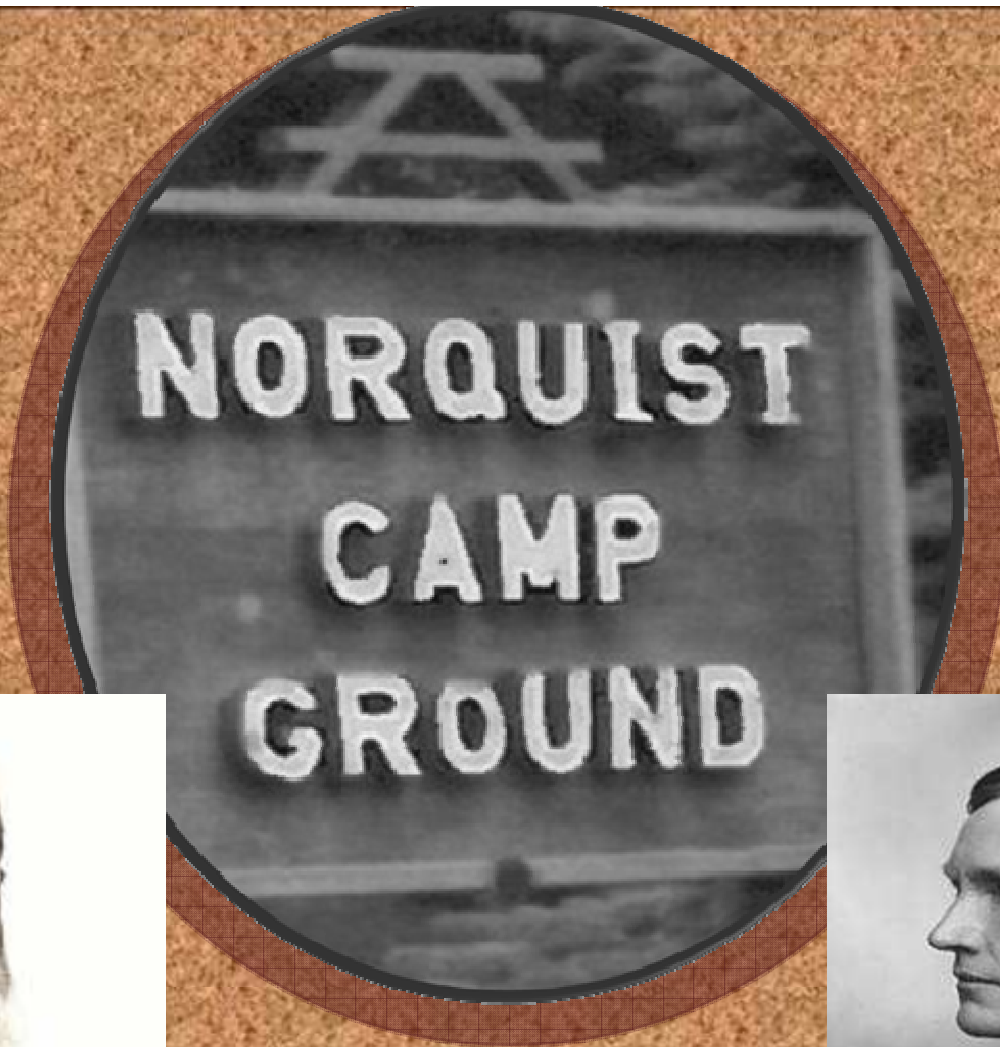

The records disclose that I was born on
the 23^d day of December 1854 at Rochester, N.Y.
I am informed that soon after my birth
my parents moved to Chicago, Ill. when my
father worked as a carpenter for about a year,
then to St. Paul where he continued work
as a carpenter and builder until the fall of 1858, when
a single barrel muzzle loading shot
(at all guns were muzzle loaders at that time)
was fired on foot and above with a view of
obtaining a piece of land. He came to another
place of a few hundred people, and then
moved to the northeast about ten miles where he ob-

Dacota Indians camped all winter on
the shores of Coon Lake. Naturally when

GRASS RUGS

The Ideal Floor Covering

What could be more appropriate for summer than CREX grass rugs?

Their well-known sanitary qualities, durability, attractiveness and low cost stamp them at once as ideal for the Hall, Living-Room, Dining-Room, Bedroom, Sun Parlor and Porch.

CREX rugs do not absorb the dust and dirt which even screened windows and doors invite. Easily cleaned with damp cloth and light shaking.

The natural grass-blending with soft neutral color-designs tends to virtually link indoors and outdoors as one.

Three weaves - De Luxe, Herringbone and Regular - in wide variety of patterns and designs to choose from.

All grass rugs are not CREX. Don't be deceived by imitations. Insist on the quality.

Free Color Catalog

Write for beautiful color reproduction of all CREX patterns, floor treatments and rug sizes at cost.
