

Septic System Fix-Up Grants Available!

A properly functioning septic system provides effective treatment of wastewater. If a system is neglected, it could cost thousands of dollars to repair and potentially contaminate local groundwater and surface water supplies, putting the health of your family and neighbors at risk.

Septic system fix up grants are available that can pay for 80-90% of the cost of fixing or replacing a septic system. Applicants must meet low income criteria. To apply or learn more, contact Kris Larson at the Anoka Conservation District (Kris.Larson@anokaswcd.org or 763-434-2030 ext. 11).

The Sunrise River Watershed Management Organization is a joint organization of the cities of East Bethel, Ham Lake, Columbus, and Linwood Township. Its purpose is to manage local water issues.
